

Determination of the Letter of Commitment

You can use this template to obtain commitment for collaboration within NFDI4Agri from potential participants.

The participants should briefly describe the contribution they can make to NFDI4Agri.

Please adapt the texts highlighted in yellow.

Please send a copy of the LoC to the coordination.

Letter of Commitment

Leibniz Centre for Agricultural Landscape Research (ZALF): prepares the submission of the project proposal “National Research Data Infrastructure for Agriculture” (acronym of the planned consortium: NFDI4Agri) to the 2020 Call for NFDI Consortia Proposals of the German Research Foundation (DFG) and to coordinate this consortium in case of approval.

Institute: (co-applicant institution), established contact with the participants, as these have a clear added value for the consortium.

The **[institute/association]**, represented by **[signer of the LoC]**, expressly supports this application, as the establishment of a national research infrastructure for agricultural data is of utmost importance and is expected to make valuable contributions to research in this field.

In case of approval of this application, the **[institute/association]** will actively participate in NFDI4Agri and support the structure-building activities of this consortium through appropriate collaborative measures.

Brief description of the contribution made by the participating institution to NFDI4Agri: **[Please add here the brief description]**

[Signer of the LoC]
